3 Doors Down-Kryptonite

```
Bm                              G6                      Am*
I took a walk around the world to ease my troubled mind,
Bm                          G6                  Am*
I left my body lyin somewhere in the sands of time.
Bm                                    G6                  Am*
I watched the world float to the dark side of the moon,
Bm                                G6  Am* Bm
I feel there's nothin I can do,     yeah.
```

```
I watched the world foat to the dark side of the moon.
After all I knew it had to be somethin to do with you.
I really don't mind what happens now and then,
as long as you'll be my friend at the end.
```

```
Bm                            G6                      Am*
If I go crazy then will you still call me superman.
Bm                              G6                  Am*
If I'm alive and well will you be there a holdin my hand,
Bm                      G6        Am*            Bm
I'll keep you by my side with my super human might,
Kryptonite.
```

```
You call me strong, you call me weak, but still your
secrets I will keep,
you took for granted all the times I never let you down.
You stumble again and bump your head, if not for me then
you'd be dead.
I picked you up and put you back on solid ground.
```

Chorus

Chorus as a verse.
